2. CONTINUOUS INTERNAL ASSESSMENT (CIA) REGULATIONS

Continuous Internal Assessment (CIA) is the most crucial scheme of the educational process. Teaching, learning and evaluation processes are important functions in education. CIA has been recognized as the best yardstick to measure the students' performance in different aspects. Students' talents cannot be measured through a three hour written examination alone. Only CIA can indicate to the teacher and the student how well the student is learning and his level/depth of understanding. CIA motivates the students to acquire important skills and abilities which are not included in the external examinations, which at the most can assess abilities of memory of facts. CIA helps the students not only to get the optimum results but also makes them regular, meticulous and purposeful in their approach to academic performance.

2.1 COMPONENTS OF C.I.A.

Many components of CIA (i) In-class tests, (ii) Objective Type Tests, (iii) assignments, (iv) quiz, (v) seminar, (vi) practical work in the laboratory, (vii) attendance, (viii) Viva voce, etc. Depending upon the programme, the CIA is designed.

2.2 CIA COMPONENTS AND THEIR WEIGHTAGES

Further capping of marks secured in the repeat assessment is not applicable in this case.

19.4.3 Students who have missed to appear for assessments in some CIA components due to permitted “**Extenuating Circumstances**” with prior permission obtained from the Examination Committee on submission of “Extenuating Circumstances Form” to the Registrar /Dean through the Head of the department concerned may undergo the repeat assessment process in those CIA components during the last week of the semester after registering themselves for the same. **Further capping of marks secured in the repeat assessment is not applicable in this case.**
