DEPARTMENT OF ENGLISH

SCHOOL OF ARTS AND SCIENCE

Department of English conducted Awareness of trends in modern technology - Shakespeare club Fest'18 on 'Attitude towards social connection in modern trends' on 30.01.2019 to accomplish the following objectives:

- To enhance creativity and know modern technology.
- To encourage to showcase their talents.

The programme began with the invocation followed by the welcome address by Dr.K.Shibila, Head the Department of English. Dr.K.Saravanan, Dean, School of Arts and Science, gave presidential address. The following events were conducted for the English department students: Essay writing, poem writing, eloquence on the theme of Attitude towards social connection in modern trends. Students enthusiastically participated in all the events and exhibited their talents on using the theme. The winners were awarded with certificates. The programme ended with vote of thanks by Dr.R.A.Rajasekaran, Professor of English.

Outcomes

- Helped to stage their talents.
- Encouraged to participate in competition

Agenda:

1. Introduction and Welcome Remarks

- The event began with a welcome address by Dr.K.Shiv , highlighting the importance of animal health care in agricultural practices.

2. Expert Sessions

- Dr.P Latha : "Understanding Common Animal Diseases"

provided an overview of prevalent animal diseases, their symptoms, and prevention strategies.

- Dr.P Latha "Effective Vaccination and Biosecurity Measures"

This session focused on vaccination schedules and biosecurity protocols to minimize disease outbreaks.

3. Practical Demonstrations

- Hands-on Training: Students participated in demonstrations of basic veterinary procedures, including administering vaccines and performing health checks.

Registrar,
Ponnaiyah Ramajayam Institute of
Science & Technology (PRIST),
Institution Deemed to be University
U-3 of the UGC Act, 1956
THANJAVUR - 613 403, TAMIL NADU.

Registrar,
Ponnaiyah Ramajayam Institute of
Science & Technology (PRIST),
Institution Deemed to be University
U-3 of the UGC Act, 1956
THANJAVUR - 613 403, TAMIL NADU.

- Case Studies: Analysis of real-life case studies involving diagnosis and treatment strategies.

4. Interactive Q&A Session

- Students engaged in a lively Q&A with the expert, discussing various scenarios and practical challenges in animal health care.

5. Closing Remarks and Acknowledgments

- The workshop concluded with a summary of key takeaways and a vote of thanks by Dr. Shanthi, Faculty Advisor.

Attendance:

students and faculty members attended, demonstrating a strong interest in advancing their knowledge of animal health care.

Outcomes:

- Enhanced understanding of common animal health issues and preventive measures.
- Improved practical skills in veterinary procedures.
- Increased awareness of the importance of biosecurity in preventing disease outbreaks.

Feedback:

Participants expressed high satisfaction with the workshop, appreciating the blend of theoretical knowledge and hands-on experience. Suggestions for future events included more case studies and extended practical sessions.

Requisition Letter

Thanjavur,

13.08.2018

From

The Head,
Department of Mathematics,
PRIST Deemed to be University,
Thanjavur.

To

The Registrar,
PRIST Deemed to be University,
Thanjavur.

Respected sir

Sub: Requesting Permission to Conduct "Brain Teasers-2018" for the Students of
the Mathematics Department, School of Arts and Science-Reg.

The Department of Mathematics has planned to organize an academic mathematical
club activity related function for the Mathematics Department students on August 20, 2018
for the academic year 2018-2019. So, I request that you give us permission to conduct the
program.

Thanking you,

Yours faithfully,

Dean

Brain Teasers - 2018

REPORT

Venue : CRD- Block Seminar Hall

Date : 20.08.2018

One of the major aims of teaching mathematics is to create interest and to remove the fear of the subject. A good mathematics teacher can involve the students in several co-curricular activities such as Mathematics Club, Mathematics Fair, and Mathematics Laboratory. Mathematics Club helps the students in having an idea of the practical utility of mathematics in addition to creating their interest in Mathematics.

Meaning:

The meeting place when a number of persons meet to discuss something's or to study some problems is known as club & when student of mathematics sit & discuss together is called mathematics club. Maths club play an important role in motivating the students to learn mathematics with interest & involvement clubs provide excellent opportunity for students to break away from class room teaching, of rigid & structured class room environment which is informal in nature student choose their own activities & passed them in a free & relaxed manner club provider a lot of freedom of expression for the students & it supplements class room learning.

Objective of the activities:

- To encourage creativity
- To ignite interest for mathematics
- To reinforce the theorems, concepts, applications

- To establish design thinking
- To encourage real life applications of the concepts
- To develop team spirit and leadership

In this academic festentitled "Brain Teasers-2018"on20.08.2018. The programme began with the invocation followed by the welcome address by Dr. S. Subramaniam, Head of Department of Mathematics. Dr.V.Ramadas, Professor, Department of Mathematics, PRIST Deemed to be University, Thanjavur was the resource person. He discussed about the "Brain Teasers-2018with the 90 number of students that the Self-esteem underscores confidence in one's beliefs and values. It emerges from attitudes that a person develops towards something, which could be a personal vision such as career objectives, lifestyles, and other personal responsibilities.

Activities planned and executed

Grade	Activity
1	Puzzles
2	Number Art
3	Cracking Riddle videos
4	Making Clock using paper plate and match sticks
5	Roman numerals using match sticks
6	To Solve the Mathematical Equations
7	Different kinds of the mathematical Modeling
8	Geometrical City/Park using solid shapes
9	Find the Scientists Name
10	Making a number wheel to determine squares and cubes of numbers
11	Designs using square root spirals
12	Working models of theorems based on circles and triangles

Students' reflections on the activities conducted:

- The making of working models and the activities turned out to be a fun activity.
- There is a lot of learning from each other when creative activities are executed in teams.
- It is great to know that art, physics, and design thinking can be integrated in learning Mathematics.
- Students felt that they are confident to apply in real life the concepts on which they could successfully create working models.

Finally Every Student gave good response to this interactive session. The programme ended with the vote of thanks delivered by Dr. R. Balakumar, Assistant professor of Mathematics.

SCHOOL OF ENGINEERING AND TECHNOLOGY

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

Name of CLUB: Acer Club

Theme of program: VLSI DESIGNS

Date: 22.03.2019

Venue: Prist,vallam

Organized by: Acer Club

No of participants: 50

Introduction

- Very-large-scale integration (VLSI) is the process of creating an integrated circuit (IC) by combining thousands of transistors into a single chip. VLSI began in the 1970s when complex semiconductor and communication technologies were being developed. The microprocessor is a VLSI device.
- Before the introduction of VLSI technology, most ICs had a limited set of functions they could perform. An electronic circuit might consist of a CPU, ROM, RAM and other glue logic. VLSI lets IC designers add all of these into one chip.
- The electronics industry has achieved a phenomenal growth over the last few decades, mainly due to the rapid advances in large scale integration technologies and system design applications. With the advent of very large scale integration (VLSI) designs, the number of applications of integrated circuits (ICs) in high-performance computing, controls, telecommunications, image and video processing, and consumer electronics has been rising at a very fast pace.
- The current cutting-edge technologies such as high resolution and low bit-rate video and cellular communications provide the end-users a marvelous amount of applications, processing power and portability. This trend is expected to grow rapidly, with very important implications on VLSI design and systems design.

NAME OF CLUB : STRUCTURE STARS CLUB.

Theme of program : ELOVUTION COMPETITION.

Date : 5/9/2018

Venue : Prist, Valam.

Organised by : STRUCTURE STARS CLUB.

No. of Participants : 60

INTRODUCTION :

Typically, a new club has a designated president, vice president, and treasurer. Then there is a secretary who keeps records and manages the member details. Additionally, you can have one PR person handle publicity, marketing, and approaching potential sponsors. The club meets in a safe environment for learning and fun. Members can choose their level of involvement in club activities.

Members trust club advisors. A service club, for example, exists for voluntary or charitable activities. There are clubs devoted to hobbies and sports, social activities clubs, political and religious clubs, and so forth. This helps in forming friendships, building support networks, and fostering a sense of belonging within the college community.

There are several ways to keep your meetings fun and your members engaged. Try hosting a club meeting off-site at a club member's workplace, a new restaurant or bar. Common examples include book clubs, movie clubs, hiking clubs, sports clubs and dance clubs. To serve the society in its possible need and perform the responsibilities to the society.

It is more than just a place where children of various age groups spend time with each other, learning and honing their talents. It describes the needs the club was created to fill, explains why the organization exists, and what it hopes to achieve in the future.

The Department of Computer science and Engineering

Cybernauts club conduct Debugging Programs

The Department of Computer science and Engineering, School of Engineering and Technology, Ponnaiyah Ramajayam Institute of Science & Technology (PRIST), organized Competition on "Debugging Programs" on October, 2019 in C Block Seminar Hall, The programme started at 10.00 AM The events start with Tamil thai vazhthu & Niruvanan vazhthu & Special Address by our Dr.K. Padmapriya prof followed by respected Deans & principal. They are the pillar to support and guidance to organize the events successfully.

The students have participated in various activities, such as code Rally listening etc. The events gone with lot of funs & enjoyment.

The events successfully concluded with Senior Student Speech, Prize distribution for the winners, followed by vote of thanks & National anthem.

Debugging Programs

A debugger is a program with special privileges allowing it to start, stop, pause, inspect, and even modify the state of other programs while they are running for the purpose of finding software bugs. It is a fundamental tool for software development.

Controlling Program Execution One of the most fundamental functions of the debugger is to “pause” a program either at a specified source line, or when a certain condition is true to let you inspect what is going on. The simplest way to do this is through setting a breakpoint.

Breakpoints

Breakpoints A breakpoint is a designated source line where the program will pause each time it is reached. When being debugged, the program will run up to (but not including) the line at the breakpoint. When paused, you can inspect the program's state, change the state (memory, registers), set other breakpoints, etc. Virtually the only thing you cannot do is change the source code or compilation options - those require you to end your debug session and recompile before they take effect. Once done, you may continue. The software will run until it hits another breakpoint (or the same one again). Breakpoints can be set by clicking on the line numbers at the left of the source editor. You do not need to recompile after changing breakpoints. When set, a red square appears. You can clear it by clicking again. Any number of breakpoints can be set.

Stepping

Once paused, there are several ways you may step through your program, with the basic ones listed below:

Continue Executes until the next breakpoint (including arriving at the current breakpoint again) or watch is triggered
Step Into Executes only the first line in the called function then stops
Step Over Executes the next function call in its entirety, without stepping you through the intermediate instructions
Step Out Runs to the end of the current function, then stops at the next line in the calling function
Run to Cursor You may select a source line using the cursor in the editor.

By definition, an exception condition is exceptional - a properly-written program should never terminate this way. You should always check for (or prevent) errors, catch them, and handle them properly.

Common Exceptions Some of the more common exceptions that you should watch out for are:

- Dividing by zero, or other invalid arithmetic operations

- Reading or writing past the end of an array `int x[100]; x[100] = 1; // oops! (remember x[100] runs from x[0] to x[99])`

- Reading or writing memory that does not belong to the program, for instance with an uninitialized pointer or reading past the end of a block of memory `int *p; // uninitialized pointer p-2; // what does p point to?`

- Trying to read something into a buffer that is too small `char dst[10]; strcpy(dst,very long string); // copying a string that is too large gets(dst,f); // reads a line from file - length unknown (hopefully less than 10!)`

From

The Head,
Department of Mathematics,
PRIST Deemed to be University,
Thanjavur.

To

The Registrar,
PRIST Deemed to be University,
Thanjavur.

Respected sir

Sub: Requesting Permission to Conduct "Brain Teasers-2018" for the Students of the Mathematics Department, School of Arts and Science-Reg.

The Department of Mathematics has planned to organize an academic mathematical club activity related function for the Mathematics Department students on August 20, 2018 for the academic year 2018-2019. So, I request that you give us permission to conduct the program.

Thanking you,

Yours faithfully,

REGISTRAR,

Ponnaiyah Ramajayam Institute of
Science & Technology (PRIST),
(Institution Deemed to be University
U/s 3 of the UGC Act, 1956).

ACADEMIC CLUB FEST
2018-2019

Brain Teasers - 2018

REPORT

Venue : CRD- Block Seminar Hall

Date : 20.08.2018

One of the major aims of teaching mathematics is to create interest and to remove the fear of the subject. A good mathematics teacher can involve the students in several co-curricular activities such as Mathematics Club, Mathematics Fair, and Mathematics Laboratory. Mathematics Club helps the students in having an idea of the practical utility of mathematics in addition to creating their interest in Mathematics.

Meaning:

The meeting place when a number of persons meet to discuss something's or to study some problems is known as club & when student of mathematics sit & discuss together is called mathematics club. Maths club play an important role in motivating the students to learn mathematics with interest & involvement clubs provide excellent opportunity for students to break away from class room teaching, of rigid & structured class room environment which is informal in nature student choose their own activities & passed them in a free & relaxed manner club provider a lot of freedom of expression for the students & it supplements class room learning.

Objective of the activities:

- To encourage creativity
- To ignite interest for mathematics
- To reinforce the theorems, concepts, applications

- To establish design thinking
- To encourage real life applications of the concepts
- To develop team spirit and leadership

In this academic festentitled "Brain Teasers-2018"on20.08.2018. The programme began with the invocation followed by the welcome address by Dr. S. Subramaniam, Head of Department of Mathematics. Dr.V.Ramadas, Professor, Department of Mathematics, PRIST Deemed to be University, Thanjavur was the resource person. He discussed about the "Brain Teasers-2018with the 90 number of students that the Self-esteem underscores confidence in one's beliefs and values. It emerges from attitudes that a person develops towards something, which could be a personal vision such as career objectives, lifestyles, and other personal responsibilities.

Activities planned and executed

Grade	Activity
1	Puzzles
2	Number Art
3	Cracking Riddle videos
4	Making Clock using paper plate and match sticks
5	Roman numerals using match sticks
6	To Solve the Mathematical Equations
7	Different kinds of the mathematical Modeling
8	Geometrical City/Park using solid shapes
9	Find the Scientists Name
10	Making a number wheel to determine squares and cubes of numbers
11	Designs using square root spirals
12	Working models of theorems based on circles and triangles

Students' reflections on the activities conducted:

- The making of working models and the activities turned out to be a fun activity.
- There is a lot of learning from each other when creative activities are executed in teams.
- It is great to know that art, physics, and design thinking can be integrated in learning Mathematics.
- Students felt that they are confident to apply in real life the concepts on which they could successfully create working models.

Finally Every Student gave good response to this interactive session. The programme ended with the vote of thanks delivered by Dr. R. Balakumar, Assistant professor of Mathematics.

SCHOOL OF ENGINEERING AND TECHNOLOGY

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

Name of CLUB: Elkon Club

Theme of program: Embedded Systems

Date: 23.03.2020

Venue: Prist,vallam

Organized by: Elkon Club

No of participants: 50

Introduction

An embedded system is a combination of computer hardware and software designed for a specific function. Embedded systems might also function within a larger system. These systems can be programmable or have a fixed functionality.

Objective

- The objective of an embedded system is to control a specific function within a device and allow the user to interact with it. Embedded systems are small computers that are part of a larger system, such as a machine or device. They are typically designed to perform a limited number of tasks repeatedly, but more advanced systems can control entire operating systems.
- Embedded systems are made up of a computer processor, memory, and input/output devices, and are often embedded within electrical or electronic hardware and mechanical parts. They often have real-time computing constraints because they typically control the physical operations of the machine they are embedded within.
- When designing an embedded system, manufacturers focus on the dedicated functions the system needs to perform and optimize it to perform each task efficiently. They may use a variety of processors, including general purpose, specialized, or custom designed for the application.

SCHOOL OF EDUCATION
CLUB ACTIVITY FOR THE ACADEMIC YEAR 2019 - 2020

TAMIL ILLAKIYA MANDRAM

REPORT OF THE PROGRAMME

Tamil Mandram serves as a platform for the students for enriching their talents in the three components of the Tamil language "Iyal, Isai, and Nadagam". Guest lectures by eminent scholars give an exposure to the in depth knowledge in the literature. Tamil Mandram was inaugurated by our respectful Dr.S.Selvaraj Assistant Professor of Tamil. Talents of our students were exhibited models related teaching of Tamil Grammar.

Programme was organized by our Department of Education on 15/11/2019. The programme was started at around 10.00 am. The purpose of the program students must be having some valuable ideas to improve their grammar skills. The programme co-ordinator Dr.S.Selvaraj, Assistant Professor, School of Education to conduct the program. The Dean Dr. K.B.Jasmine Suthanthira Devi to start the activities with valuable instructions to the Students. Students making the program grand success.

DEPARTMENT OF ENGLISH
SCHOOL OF ARTS AND SCIENCE

Department of English conducted Shakespeare Club Fest'19 on 'Support Digital Literacy' on 05.02.2020 to accomplish the following objectives:

- To enhance creativity and knowing digital literacy.
- To encourage to showcase their talents.

The programme began with the invocation followed by the welcome address by Dr.K.Shibila, Head the Department of English. Dr.K.Surayanan, Dean, School of Arts and Science, gave presidential address. He insisted importance of digital literacy among the students. The following events were conducted for the English department students: Essay writing, poem writing, Eloquence, painting, Quiz. Students enthusiastically participated in all the events and exhibited their talents. The winners were awarded with certificates. The programme ended with vote of thanks by Ms.K.Jayapriya, Assistant Professor of English.

Outcomes

- Gained knowledge on digital literacy
- Elevated confidence to exhibit their talents

NAME OF CLUB : SECTOR CLUB.

Theme of program : PICTURE AND VIDEO DEPICTION.

Date : 16/10/2019

Venue : Prist, Valam.

Organised by : SECTOR CLUB.

No. of Participants : 60

INTRODUCTION :

To encourage the travel mentality of the students and thereby promoting national integration and international amity. A society on the other hand is a group of persons associated together by a common interest or purpose, united by a common vow, holding the same belief or opinion. A service club, for example, exists for voluntary or charitable activities. There are clubs devoted to hobbies and sports, social activities clubs, political and religious clubs, and so forth.

Whether it is a science club, debate team, art club or sports team, each offers unique opportunities to pick the skills mentioned above from one another. The vision is to nurture and develop young ambassadors of Indian tourism who would become aware of tourism possibilities in India, appreciate our rich cultural heritage and develop an interest and passion for tourism.

These young ambassadors would be catalysts for promoting tourism in India. Tourism offers great opportunities for emerging economies and developing countries. It creates jobs, strengthens the local economy, contributes to local infrastructure development and can help to conserve the natural environment and cultural assets and traditions, and to reduce poverty and inequality. The club attempts to create an awareness of the student's mind by organizing activities like Poster making, Tattoo making, Ad Mod show, Skits etc.

To provide members means of professional, educational, social, cultural and recreational activities and to establish, maintain and conduct a Club for the use and benefit of members, their families and guests, and maintain a Club house.

Thanjavur.

To

The Registrar,

PRIST Deemed to be University,

Thanjavur.

Respected sir

Sub: Requesting Permission to Conduct "Queen of Science -2020" for the Students of the Mathematics Department, School of Arts and Science-Reg.

The Department of Mathematics has planned to organize an academic mathematical club activity related function for the Mathematics Department students on August 17, 2020 for the academic year 2020-2021. So, I request that you give us permission to conduct the program.

Thanking you,

Yours faithfully,

REGISTRAR,

Ponnaiyah Ramajayam Institute of
Science & Technology (PRIST).
(Institution Deemed to be University

REPORT

Venue : CRD- Block Seminar Hall

Date : 17.08.2020

One of the major aims of teaching mathematics is to create interest and to remove the fear of the subject. A good mathematics teacher can involve the students in several co-curricular activities such as Mathematics Club, Mathematics Fair, and Mathematics Laboratory. Mathematics Club helps the students in having an idea of the practical utility of mathematics in addition to creating their interest in Mathematics.

Meaning:

The meeting place when a number of persons meet to discuss something's or to study some problems is known as club & when student of mathematics sit & discuss together is called mathematics club. Maths club play an important role in motivating the students to learn mathematics with interest & involvement clubs provide excellent opportunity for students to break away from class room teaching of rigid & structured class room environment which is informal in nature student choose their own activities & passed them in a free & relaxed manner club provider a lot of freedom of expression for the students & it supplements class room learning.

Objective of the activities:

- To encourage creativity
- To ignite interest for mathematics
- To reinforce the theorems, concepts, applications
- To establish design thinking

In this academic festentitled "Queen of Science -2020"on17.08.2020. The programme began with the invocation followed by the welcome address by Dr. S. Subramaniam, Head of Department of Mathematics. Dr.V.Ramadass, Professor, Department of Mathematics, PRIST Deemed to be University, Thanjavur was the resource person. He discussed about the Queen of Science -2020with the 85 number of students that the Self-esteem underscores confidence in one's beliefs and values. It emerges from attitudes that a person develops towards something, which could be a personal vision such as career objectives, lifestyles, and other personal responsibilities.

Activities planned and executed

Grade	Activity
1	Paper Presentation in Various mathematics area
2	Number Art
3	Making Clock using paper plate and match sticks
4	Roman numerals using match sticks
5	Prepare animal using fraction cutouts ($\frac{1}{2}$, $\frac{1}{4}$ etc.)
6	Mathematical Modeling Shapes with its Applications
7	Geometrical City/Park using solid shapes
8	Puzzles
9	Making a number wheel to determine squares and cubes of numbers
10	Designs using square root spirals
11	Working models of theorems based on circles and triangles
12/	Easy Writing with relevant mathematical titles

Students' reflections on the activities conducted:

- The making of working models and the activities turned out to be a fun activity.
- There is a lot of learning from each other when creative activities are executed in teams.
- It is great to know that art, physics, and design thinking can be integrated in learning Mathematics.
- Students felt that they are confident to apply in real life the concepts on which they could successfully create working models.

Finally Every Student gave good response to this interactive session. The programme ended with the vote of thanks delivered by Dr..R.Abirami, Assistant professor of Mathematics.

NAME OF CLUB : CAD SQUAD CLUB.

Theme of program : TECHNICAL QUIZZES.

Date : 18/11/2020

Venue : Prist, Valam.

Organised by : CAD SQUAD CLUB.

No. of Participants : 60

INTRODUCTION :

To create awareness among students on Latest Innovations and Emerging Technologies, few clubs have been initiated in the Department of Mechanical Engineering. As a part of that, Robotic Club is initiated. The aim of this club is to excel the students in multi-disciplinary technologies. Here student teams must design, build and programming a robot to participate in various Robotic Competitions to be conducted by various organizations in India.

These club activities will help to develop professional engineering skills, leader ship skills and communication skills among the students. With 3D CAD, you can share, review, simulate, and modify designs easily, opening doors to innovative and differentiated products that get to market fast.

Engineering drawing entails the use of graphical symbols such as points, lines, curves, planes and shapes. As a CAD operator, you may be designing buildings, machinery or component parts.

SCHOOL OF EDUCATION
CLUB ACTIVITY FOR THE ACADEMIC YEAR 2020 - 2021
HEALTH CLUB
REPORT OF THE PROGRAMME

Health Club serves as a platform for the students for enriching their talents in the components of the Yoga. Guest lectures by eminent scholars give an exposure to the in depth knowledge in the Yoga and Health Activities. Health Club was inaugurated by our respectful Dr.R.Gunasekaran Assistant Professor of Education and our students were practice Yoga activities.

Programme was organized by our Department of Education on 08/09/2020. The programme was started at around 10.00 am. The purpose of the program students must be having some valuable health habits and lead the life in peaceful manner. The programme co-ordinator Dr.R.Gunasekaran, Assitant Professor, School of Education to conduct the program. The Dean Dr. K.B.Jasmine Suthanthira Devi to start the activities with valuable instructions to the Students. Students making the program grand success.

Sub: Shakespeare club conducting JAM TALK

Shakespeare club and English department jointly organize a programme JAM TALK (create and telling story by a given word) for all Arts and Science students on 14.8.2020 (Friday). The faculties and class in charges are insisted to encourage the students to participate on it.

Those who are willing to participate in this programme are kindly registering your name in Shakespeare Club President Vinciya .A within couple of day.

Report of the JAM TALK (STORY TELLING)

Time: 11 am -1.00 pm

The programme begins with the Thamizhthai vazhththu. Shakespeare club president Vinciya .A , delivered welcome address. Chief guest Dr. L.Chinnappa gives amazing and enlightening speech to encourage the participants and all other students with few stories , those evoke our sense of creativity and our culture not only that but for the importance of the English language speaking .

Jam Talk: The In charge of the programme Dr.R.Iniyavan starts the programme .There are lots of funny and interesting words are given to the students. Students have to tell it to the audience. At the same time they have to tell a story by using that word, which makes more interesting, lot of students eagerly, participated in it.

SCHOOL OF ENGINEERING AND TECHNOLOGY

DEPARTMENT OF CIVIL ENGINEERING

NAME OF CLUB : CAD SQUAD CLUB.

Theme of program : TECHNICAL QUIZZES.

Date : 18/11/2020

Venue : Prist, Vaham.

Organised by : CAD SQUAD CLUB.

No. of Participants : 60

INTRODUCTION :

To create awareness among students on Latest Innovations and Emerging Technologies, few clubs have been initiated in the Department of Mechanical Engineering. As a part of that, Robotic Club is initiated. The aim of this club is to excel the students in multi-disciplinary technologies. Here student teams must design, build and programming a robot to participate in various Robotic Competitions to be conducted by various organizations in India.

These club activities will help to develop professional engineering skills, leadership skills and communication skills among the students. With 3D CAD, you can share, review, simulate, and modify designs easily, opening doors to innovative and differentiated products that get to market fast.

Engineering drawing entails the use of graphical symbols such as points, lines, curves, planes and shapes. As a CAD operator, you may be designing buildings, machinery or component parts.

To

The Registrar,
PRIST Deemed to be University,
Thanjavur.

Respected sir

Sub: Requesting Permission to Conduct "MOMATHS-Museum of Mathematics-2K21" for the Students of the Mathematics Department, School of Arts and Science-Reg.

The Department of Mathematics has planned to organize an academic mathematical club activity related function for the Mathematics Department students on August 16, 2021 for the academic year 2021-2022. So, I request that you give us permission to conduct the program.

Thanking you,

Yours faithfully,

REGISTRAR,

ACADEMIC CLUB FEST

2021-2022

MOMATHS-Museum of Mathematics-2K21

REPORT

Venue : CRD- Block Seminar Hall

Date : 16.08.2020

One of the major aims of teaching mathematics is to create interest and to remove the fear of the subject. A good mathematics teacher can involve the students in several co-curricular activities such as Mathematics Club, Mathematics Fair, and Mathematics Laboratory. Mathematics Club helps the students in having an idea of the practical utility of mathematics in addition to creating their interest in Mathematics.

Meaning:

The meeting place when a number of persons meet to discuss something's or to study some problems is known as club & when student of mathematics sit & discuss together is called mathematics club. Maths club play an important role in motivating the students to learn mathematics with interest & involvement clubs provide excellent opportunity for students to break away from class room teaching of rigid & structured class room environment which is informal in nature student choose their own activities & passed them in a free & relaxed manner club provider a lot of freedom of expression for the students & it supplements class room learning.

Objective of the activities:

- To encourage creativity
- To ignite interest for mathematics

- To reinforce the theorems, concepts, applications
- To establish design thinking
- To encourage real life applications of the concepts
- To develop team spirit and leadership

In this academic festentitled "MOMATHS-Museum of Mathematics-2K21"on16.08.2021. The programme began with the invocation followed by the welcome address by **Dr. S. Subramaniam**, Head of Department of Mathematics. **Dr.V.Ramadass**, Professor, Department of Mathematics, PRIST Deemed to be University, Thanjavur was the resource person. He discussed about the "MOMATHS-Museum of Mathematics-2K21"with the 75 number of students that the Self-esteem underscores confidence in one's beliefs and values. It emerges from attitudes that a person develops towards something, which could be a personal vision such as career objectives, lifestyles, and other personal responsibilities.

Activities planned and executed

Grade	Activity
1	Various Application in Mathematical Models
2	Number Art
3	Various Application in Statistical Models
4	Making Clock using paper plate and match sticks
5	Roman numerals using match sticks
6	Models of solid shapes
7	Geometrical City/Park using solid shapes
8	Puzzles
9	Making a number wheel to determine squares and cubes of numbers
10	Designs using square root spirals
11	Working models of theorems based on circles and triangles
12/	PPT Presentation on applications of any one mathematical concept of logarithms/sequences
13	Poster Presentations

Students' reflections on the activities conducted:

- The making of working models and the activities turned out to be a fun activity.
- There is a lot of learning from each other when creative activities are executed in teams.
- It is great to know that art, physics, and design thinking can be integrated in learning Mathematics.

The Department of Computer science and Engineering

Cybernavts club conduct Code Rally Listening Event

The Department of Computer science and Engineering, School of Engineering and Technology, Ponnaiyah Ramajayam Institute of Science & Technology (PRIST), organized Competition on “code Rally listening” events on September 14, 2022 in C Block Seminar Hall , The programme started at 10.00 AM The events start with Tamil thai vazhthu & Niruvamar vazhthu & Special Address by our Dr.K. Padmapriya prof followed by respected Deans & principal . They are the pillar to support and guidance to organize the events successfully.

The students have participated in various activities, such as code Rally listening etc.The events gone with lot of funs & enjoyment.

The events successfully concluded with Senior Student Speech, Prize distribution for the winners, followed by vote of thanks & National anthem.

CODE RALLY LISTENING

code Rally listening is an activity that involves team mates giving each other suggestions to try out. Each week, team members give each other recommendations. Every member of the team can contribute one suggestion per week, or you can assign teammates weeks to take turns giving assignments.

Examples of suggestions may include:

- Start the morning with a one-minute meditation
- Set a reminder to take water breaks
- Try this recipe for veggie lasagna
- Listen to the new Fiona Apple album
- Do a funny walk every time you get a snack

Suggestions can be silly or serious. We recommend giving participants a few different options to choose from. At the end of the week, the group gets together to share results and discuss outcomes.

Listening

This part contains strategies for the Listening part of IELTS, structure and tips.

Listening is the first part of IELTS exam. It lasts for **30 minutes** and consists of four sections with 10 questions each. Each section is different in its topic, the number of speakers, and the overall difficulty. This page will walk you through the basics of IELTS Listening, various types of tasks and provide tips on how to improve your score.

IELTS Listening Structure

Section 1 is a conversation between two people who make an arrangement. It can be something like a travel agency phone conversation, a talk between a shop assistant and a customer, a chat between a landlord and a tenant, and so on. This part tests your ability to catch and understand factual information.

Section 2 is a monologue. A person is giving a talk that can be about an activity, event, or arrangement. As there is only one person speaking, you won't have to adapt to several accents or paces. Again, the test-taker's skill to comprehend factual information is tested.

Section 3 is a talk between several speakers on an academic-related topic, such as preparing a term-paper, presentation, diploma etc. You will listen to these people discussing the issue and sharing their opinions on the matter. This section tests your ability to distinguish relevant information and understand the speaker's attitude about the issues discussed.

Section 4 is usually a lecture-type narrative by one person. It is an academic, term-packed speech on a topic that tests your ability to understand scientific terms and guess the meaning of those you possibly do not understand. The most difficult of the four, this section gauges your ability to understand the focus of the speech, the speaker's opinion on the ideas presented as well as factual information.

SCHOOL OF ENGINEERING AND TECHNOLOGY

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

Name of CLUB: SUPER NOVA CLUB

Theme of program: Story of Electronics

Date: 24.03.2022

Venue: Prist,vallam

Organized by: Electronics Society Club

No of participants: 50

Introduction

Club merely a four-letter word but holds a great meaning inside it. As the name suggests it teaches us to work in a team. In Super nova club we deal with electronics construction or automation of any hardware. Students who are interested in learning about and working with electronics can become a part of this club. In college, electronics clubs typically take place after college, in a classroom. It is of the student, for the student and by the student group. Faculty coordinators are in supporting role. There are also competitions and workshops related to robotics. At electronics competitions, teams of students design and build a electronic kit that can compete in a series of specific challenges and are motivated to represent college.

Objective

1. Attract student's interest into Electronics subject through interactive activities.
2. Encourage students to learn Electronics.
3. Lessen students feeling of fear in Electronics.
4. Promote Electronics Subject as an informative subject.

SCHOOL OF EDUCATION
CLUB ACTIVITY FOR THE ACADEMIC YEAR 2021 – 2022

ECO CLUB

REPORT OF THE PROGRAMME

Eco Club serves as a platform for the students for enriching their talents in the components of the Environmental and social awareness. Guest lectures by eminent scholars give an exposure to the in depth knowledge in the Environmental Activities. Eco Club was inaugurated by our respectful Dr.D.Muruganantham Associate Professor of Education and our students were practice Environmental and social activities.

Programme was organized by our Department of Education on 12/08/2021. The programme was started at around 10.00 am. At Govt. Horticulture Farm, Marungulam. The purpose of the program students must be having some valuable ideas to social and environment issues. The programme co-ordinator Dr.Muruganantham, Associate Professor, School of Education to conduct the program. The Dean Dr. K.B.Jasmine Suthanthira Devi to start the activities with valuable instructions to the Students. Students making the program grand success.

DEPARTMENT OF CIVIL ENGINEERING

NAME OF CLUB : DESIGN MASTER CLUB.

Theme of program : To improve the leadership quality among the students.

Date : 27/10/2021

Venue : Prist, Valam.

Organised by : DESIGN MASTER CLUB.

No. of Participants : 60

INTRODUCTION :

Fashion designing club aims at bringing out the inherent talent in students on the side of creativity. It also enables students to develop the unrecognized skills in them to a level where the student believes to turn out a creation of one's own. The club enables students to interact with people who have paved a path in the field of designing. In addition to that, the club focuses on promoting the creativity skills of students related to clothing, accessories, jewellery and even interior art.

The club envision to be a suitable platform for various skills in designing which can ensure the growth of students in the path of creativity and entrepreneurship. The club emphasises on social skills, intellectual skills, organising skills, moral values, personality and character development of students.

The Design Club is more than just an extracurricular activity—it's an investment in your child's future. By joining, students will: Develop Critical Skills: Gain valuable skills in creativity, critical thinking, and problem-solving. Boost Confidence: Build confidence as they see their ideas come to life through design.

Activity Report: Integrated Farming System

Organized by: M S Swaminathan Club, School of Agriculture

Date: 20th December 2022

Venue: School of Agriculture Auditorium

Duration: 10:00 AM - 4:00 PM

Objective:

The workshop aimed to provide students and local farmers with practical insights into Integrated Farming Systems (IFS) to promote sustainable agriculture and enhance productivity.

Agenda:

1. Opening Session (10:00 AM - 10:30 AM):

The event commenced with a welcome address by the club president, followed by an introduction to the objectives of the workshop. A brief overview of IFS and its significance was presented.

2. Technical Session I (10:30 AM - 12:00 PM):

Dr. Arun Kumar, an expert in sustainable agriculture, delivered a lecture on the principles of IFS. He covered the integration of crops, livestock, and aquaculture to optimize resource use and improve farm income.

3. Lunch Break (12:00 PM - 12:45 PM):

Attendees had the opportunity to network and discuss insights from the morning sessions.

4. Technical Session II (12:45 PM - 2:15 PM):

HEAD
School of Agriculture
Ponnaiyah Ramajayam Institute of
Science & Technology (PRIST)
Institution Deemed to be University
U/s 3 of the UGC Act, 1956
THANJAVUR - 613 403, TAMIL NADU

REGISTRAR,
Ponnaiyah Ramajayam Institute of
Science & Technology (PRIST),
(Institution Deemed to be University
U/s 3 of the UGC Act, 1956)
THANJAVUR - 613 403, TAMIL NADU

DEAN
School of Agriculture
Ponnaiyah Ramajayam Institute of
Science & Technology (PRIST)
Institution Deemed to be University
U/s 3 of the UGC Act, 1956
THANJAVUR - 613 403, TAMIL NADU

A hands-on demonstration was showcasing the practical implementation of IFS techniques. Participants engaged in activities such as setting up a model integrated farm and learning about soil management and crop rotation strategies.

5. Panel Discussion (2:15 PM - 3:00 PM):

A panel of experts, including local farmers who have successfully implemented IFS, shared their experiences and answered questions from the audience. This session provided valuable real-world perspectives on the challenges and benefits of IFS.

6. Closing Session (3:00 PM - 4:00 PM):

The workshop concluded with a summary of key takeaways and a feedback session. Participants were encouraged to share their thoughts and suggestions for future events.

Attendance:

The workshop was attended by students from the School of Agriculture, 5 local farmers, and 5 faculty members.

Outcomes:

- Enhanced understanding of Integrated Farming Systems among participants.
- Increased awareness of sustainable farming practices.
- Strengthened community connections between students and local farmers.
- Valuable feedback for future workshops and educational activities.

Acknowledgements:

We extend our gratitude to Dr. Arun Kumar and the panel of experts for their invaluable contributions. Special thanks to the students, farmers, and faculty members for their active participation.

Minutes of the programme :

Programme Name: Shakespeare Club -Creative Arts Club competition

Date: 09.09.22

Venue : PRIST Block, Seminar hall

Time : 10 am

Dignitaries on Dais:

Chief Guest: Dr.T.V.Christy vice Chancellor, PRIST UNIVERSITY, Thanjavur

Dr. L. Chinnappa, : Dean School of Arts and Science

S.NO	EVENT NAME	INCHARGES	DESIGNATION
1.	Art From Waste	J.Subarna	AP/ENGLISH
2.	Glass Painting	M.Mariya Jessi	AP/ENGLISH
3.	Clay - Designing	Dr.K.Arivukkani	AP/ENGLISH
4.	Scenaires Making (Painting)	S.Santhiya	AP/ENGLISH
5.	Rock Painting	M.Thamizhmani	AP/ENGLISH

The programme started with welcome address given by Ms.S.Santhiya, Assistant professor of English. Followed that presidential address given by our Dean, school of Arts and Science Dr. L. Chinnappa. Next to that Chief guest Dr.T.V.Christy Vice Chancellor, PRIST University, Thanjavur who gave the felicitation address on the programme. The purpose of Arts club is to provide students who have an interest in art, an opportunity to explore art and craft forms beyond what is offered in the curriculum.

It gives students the opportunity to work individually and in groups. The benefit of a creativity club is having a group to spark new ideas while also learning to push past mental or emotional blocks. It improves the imagination skill in entertainment. It gives the students artistic outlet and to help each enrich interest for art and personal experience through art. Students were eagerly participated on each programmes and they enjoyed learning with fun. The faculties are encouraged the students to be a part of it. The whole day passed with the positive surrounding and delighting way.

The event in charges were submitted the winners list. The winners of the programme were honored by the chief guest and they get winning certiffientes yet all other participants received certificates of participating. The day closes by the song sung by our college students. The programme ended with the note of vote of thanks proposed by Prof.S.Punniamoorthy Assistant professor of English.

NAME OF CLUB : CONSTRUCTORS CLUB.

Theme of program : "Promo Presentation" – a Non-Technical Event.

Date : 15/9/2022

Venue : Prist, Valam.

Organised by : CONSTRUCTORS CLUB.

No. of Participants : 60

INTRODUCTION :

The one of the core reasons I started The Construction Coach, because there is a big gap between university and industry with not alot of reliable and relevant information to help guide students and graduates. I attest a big part of where I am and what I have achieved to date from a variety of people who have taken a vested interest in my development, whether it be for five minutes or five years.

Seeking advice and insight, guidance and support doesn't always have to come from senior people. One of my most valuable networks, for opportunities and support is my peer network. They're the people I love seeing at events, catching up with, supporting, and helping.

It doesn't matter at what stage you are in your career journey, you certainly have the ability to add value to someone else. Cheer them on, help them out, whatever, you have something to give too. And giving is really rewarding.

This is why I am proud to have launched The Construction Club. It is a subscriber only peer-to-peer mentoring group. It's a confidential, private group for you to network, post, engage, inspire, and share. Have a question? Post it in the group. We are all here for each other to build our careers.

I invite anyone and everyone from the built environment to join this group. It's going to be multi-disciplinary.

Head of the Department
Department of Civil Engineering
Ponnaiyah Ramajayam Institute of
Science & Technology (Prist)
(Institution Deemed to be University
U/s 3 of the UGC Act 1956)
