## Health Awareness programme

### Creating Awareness on COVID-19 Vaccination ON 12.06.2020

PRIST NSS Cell raising awareness on COVID-19 vaccination through Social Media. Here with to create awareness in and around Thanjavur the importance in the current scenario has become the need of the testing time. The first & the second wave of the Corona virus pandemic led to a dramatic loss of human life all over the world and put forward an unmatched challenge to the public health system, food systems as well as the realm of work. The socio-economic disruption caused by the COVID-19 pandemic is just devastating.

The COVID-19 pandemic has been hitting the complete food system and has put bare its fragility. Trade confinements, Border closures, and restraint measures have been restricting farmers from accessing markets, entailing for purchasing inputs as well as selling their produce, and agricultural workers from reaping crops, therefore disturbing domestic as well as international food supply chains and decreasing access to healthy, reliable and distinct diets. COVID-19 outbreak has decimated jobs and put around millions of livelihoods at risk. As financial supporters and leading persons in the family lose jobs, fall ill and lose their life, the food security, as well as nutrition of millions of men and women, are under threat, with those in economically backward and less developed countries, especially the most marginalized groups, which cover small-scale farmers as well as indigenous masses, being hardest hit.

## CELEBRATED INTERNATIONAL DAY OF YOGA on 21<sup>st</sup> June 2020

PRIST Deemed to be University NSS Cell Celebrated International Day of Yoga in the institution through online in “Google Meet” App on 21<sup>st</sup> June 2020. International Day of Yoga programme through online

## ENVIRONMENT AWARENESS PROGRAMME on 21.11.2020

Environmental awareness is to understand the fragility of environment and the importance of its protection. Promoting environmental awareness is an easy way to become an environmental steward and participate in creating a brighter future for next generations. Environmental campaign has become an important tool to achieve effective compliance of various pollution control norms. Large scale public involvement can strengthen environment movements for the sake of implementation of environment-friendly rules and regulations by the Government machinery in much better way to have the most desired results. In this connection PRIST deemed to be University NSS Cell Organized online environment awareness programme for NSS volunteers Unit I & II.
